We would prefer to do it on-site. I would assume better attendance that way.
I would also be able to provide rooms for use and privacy.
We would host as soon as we could get things coordinated. We are in no hurry.

I did include everyone from BACS and many other agencies.
Thank You and I look forward to hearing from you again.

Hi Lance,

This is a nice idea. Are you proposing to do it on-site or another location and when were you looking to host, the fall? We might have access to some nursing students that may be able to participate and conduct routine med checks, ie blood pressure etc. Happy to discuss further. I know BACS and other partners have several folks at the Y so they would likely have ideas as well – thinking you’ve included them on this email thread ☺

Best,
Jennifer

Hello All,

We here at the YMCA Residence have worked with you in some capacity to stabilize the housing of your client and/or staff member.

Some of your clients have moved on to hopefully better situations, some are still with us.

At this time, we estimate we are housing 40-45 transitional housing people at this time.

We would like to plan a "Service Day" to provide badly needed services to some of our needy residents.

Haircuts, Dental Checkups, Medical Check etc. etc. I think you all understand what I am proposing and why.

I/we haven't done it before and would need assistance/direction on how to make it happen. That is why I am reaching out to you.

We could use suggestions, networking, referrals, input and the like. We will sincerely appreciate your help.

We are all busy, so please don't feel any pressure.

Thank You!

Lance Gorée
