Ms. Corona,

You also inquired about [REDACTED]. Below is an email I sent to BACS, since they placed her here, updating them. We have tried to keep BACS updated about [REDACTED] throughout her residency here. Simply put, we have told BACS, housing isn't the only thing [REDACTED] needs. She needs Board AND Care. Although, we all say she may be a little more self-sufficient than she shows at times. But again, we aren't professionals.

Hello All,

We wanted to give an update into the latest communication with [REDACTED].

She has communicated that she needs help with her every day "living". Cleaning, Laundry, Food etc. She has asked for help from the YMCA Staff and that is not going to happen.

She is consistently asking, and allowing, for a friend of hers to stay here.
She also seems to be staying in alternative arrangements quite often.

Let us know if you have any questions. Thank You.

Hello Lance,
I just spoke to [REDACTED] and she informed me that she is not interested in going to a Hotel and that she has been staying with a friend and will stay there until the room is suitable for her to return to at the YMCA.

[REDACTED] stated that she is going to come to the YMCA right now to pack up her belongings and that she is in need of large black trash bags to put the items in. If you can provide her with the bags that would be of great help .

Thank you

██████ just called the residence saying she would be coming back tonight.
She says she isn't comfortable staying in the room because of all of the bugs.
Ironically they are there because of her, but nonetheless, I told her to contact you ASAP.

I also want to let you know ██████ has not been seen for almost a week.
If she is not located/communicated with in the next 24 hours how would you like to proceed?

We can always prepare her belongings for transport if necessary.
