<b>Summary:</b>					
On 8-4-21, Louisa Huber reported to BPD that she continues to be electrocuted by a neighbor who places spliced wires underneath her trailer. I requested for officials to come and speak with Huber.					
<b>Investigation:</b>					
Huber stated she continues to have an on-going dispute with her next door neighbor that she believes is electrocuting her by attaching wires to her trailer. I observed the wires on the trailer and the photos of wires underneath Huber's trailer. The wire attachments to the trailer and power lines appeared to be normal, along with other trailers in the area attached with the same devices. Huber stated there are approximately 220 volts that run through her trailer and into her body causing her to be electrocuted. Huber stated she laid down plywood in her trailer to prevent her from being electrocuted. Huber did not have any visible injuries but only old scars on her (Knuckles) hands that she showed me.

## REPORT NARRATIVE

BPD-108 (rev. 03-29-2013)

### NARRATIVE

1 was requested to the scene to speak with Huber. I made contact with Huber's neighbor Michael  
2  
3 Gesredan/ Gesredan stated Huber is a problem for all neighbors because she crawls underneath the  
4 trailers and look at their wires. Gesredan stated Huber continues to harasses him and neighbors in the trailer park.

5 Huber stated she has been attempting to leave the trailer park for better living but Gesredan has been preventing  
6 her from being moved out by Berkeley Housing officials. Huber stated Gesredan would "Flex his Muscle" at  
7 housing officials coming to assist her. Huber was advised by \_\_\_\_\_ to have Berkeley Housing officials meet her  
8 outside of the trailer park to discuss a possible move to a different location.
